Announcement From Washington
Says Transport Martha Wash-
ington Carries 38th

SAILED FOR AMERICA DEC. 9

Members of Division

WORD IS RECEIVED HERE

38th Formed at Camp Shelby, Miss.,
And Former Indiana National
Guard Units Included

(By United Press.)

Washington, Dec. 12.—The transport Martha Washington, left France Dec. 9, with 110 officers and 1656 men, besides 538 wounded men and six enlisted men. The personnel aboard the ship is as follows: the 38th division, the 116th field artillery, headquarters detachments and the 118th field artillery, complete.

Indiana Troops Aboard

Indianapolis, Ind., Dec. 12.—Indiana troops have started home from France, which was indicated in a dispatch from Washington, saying that the transport Martha Washington, carrying the training nucleus of the 38th division left a French port for the United States on December 9. The 38th division was formed at Camp Shelby, Miss. and former Indiana national guard companies are included in the division.

There was every reason to believe here today, before the dispatch was received, that the 38th division, or at least some units of it, were on the way home because of letters received from Captain John H. Kiplinger and Lieutenant Allen H. Blackledge, requesting relatives not to forward any more mail to them.

This was not regarded as positive proof, however, that the division would sail, because it might have meant, relatives of these two men said, that they were being moved to a new camp.

The 38th division was formed at Camp Shelby, Miss., and the Fourth Indiana Infantry, to which were attached the men who enlisted here in Company B, were absorbed by the new unit. They were in training at Camp Shelby for a year and sailed for England in October. The division was moved to France October 21.

Whether the 139th Field Artillery's sanitary detachment which is a part of the division and which was organized here by Captain Lowell M. Green, is coming home with the 38th is not known, but it is presumed that they are. There is some doubt about whether Capt. Green and eight enlisted men are on the Martha Washington, however, because word received yesterday was to the effect that they had been ordered on detached duty Nov. 16 at the camp hospital No. 31 at Camp Meunon near Rennes, France. The enlisted men from here thus transferred were Errol Stoops, Leo King, Wilbur Spivey, Ray Benning and Harry Green.

SIX KILLED; 30 INJURED

Washington, Dec. 12.—Six men of the crew of the armored cruiser Brooklyn were killed and thirty others injured, some seriously, in an explosion of coal dust aboard the vessel last Monday at Yokohama, Japan, where she was coaling. The Navy Department was so informed in a dispatch from the commanding officer of the Asiatic fleet, of which the Brooklyn was flagship.

Commends Hospital Idea.

Dec. 11, 1918.
Editor Republican:

I wish to commend the suggestion of Mrs. T. M. Green that Rush county erect a memorial hospital. A triumphal arch of artistic design, marking the gateway to its approach, and the hospital itself, would make a fitting testimonial to the valor of Rush county's victors in the great war for the freedom of all mankind.

AMERICAN PARTY LANDS TOMORROW

George Washington, 600 Miles Out
From Brest, According to Last
Word Received From Vessel.

PLANS FOR LANDING MADE

French and American Warships Will
Fire Presidential Salute and
Pass in Review.

(By United Press.)

Aboard the George Washington (by wireless to the United Press) via London, Dec. 12.—President Wilson may march with the Americans in the parade in Paris, it was indicated today. If the peace congress is not over by March, when the new congress convenes, it will be necessary for President Wilson to return to the United States and send a secretary to France.

Brest, France, Dec. 12.—The George Washington, bearing President Wilson and his party was 600 miles out from Brest, when the last report was received by wireless at midnight last night.

The big steamer makes only 15 knots due to the heavy seas but was expected to arrive on schedule time Friday afternoon. There is a heavy fog and a drizzling rain near shore. According to plans, at 3 o'clock tomorrow he will be welcomed by Foreign Minister Pichon, and other French officials. Col. House, General Bliss, General Pershing and Admiral Benson will go aboard the steamer at three o'clock and exchange greetings, prior to their arrival. Margaret Wilson will accompany this party. Political leaders and members of the chamber of deputies will await the party on the shore.

Nine French cruisers, four French destroyers, Admiral Mayo's flag-ship Pennsylvania, Admiral Simms' flag-ship Wyoming, and the American dreadnaughts Florida, Utah, Arizona, Arkansas, New York, Texas, Nevada, and Oklahoma, and a number of American destroyers, will anchor in double line, with the George Washington proceeding down the lane and receiving the presidential salute of 21 uns from the French destroyers. The liner will then anchor at the head of the line and the ships will pass in review.

EXPLAINS M'ADOO REQUEST

Sen. Kellogg Says he is Trying to
Put Over Government Ownership

Washington, Dec. 12.—Senator Kellogg, Minnesota, today declared that Director General McAdoo is trying to put over government ownership of railroad, against the opposition of the American people. That, Kellogg declared, is the meaning of McAdoo requesting congress for a five year extension of government control. Kellogg, a member of the senate interstate commerce committee, presented McAdoo's letter to congress, outlining the plan, with the statement that it is no legal document because it came after President Wilson told congress he had no plan for solution of the railroad problem now.

BERT NEWMAN HELD IN INDIANAPOLIS

Rushville Boy Arrested With Ar-
ticles Stolen From Home of
Mrs. Mary L. Neutzenhelzer

TWO WOMEN ARE IMPLICATED

Ramifications of Robberies Week
Ago Saturday May Lead to
Solution of Polk Burglary

Deputy Sheriff Will Spivey and Policeman Basil Seward went to Indianapolis this morning at 1:54 o'clock to return to Rushville Bert Newman, about twenty years of age, who was found in possession of articles stolen from the home of Mrs. Mary L. Neutzenhelzer, 421 North Morgan street, a week ago last Saturday night, and arrested by the Indianapolis police.

The local authorities also expected, while in Indianapolis, to cause the arrest of two Rushville women who are suspected of being implicated in this and other robberies which have taken place here lately.

The thefts of a week ago Saturday night, with all of their ramifications, are expected to throw some light on the robbery of the Polk hardware store, 127 North Main street, last Thursday night because Newman was believed to have been implicated in the Polk robbery.

The police say that Newman is not guilty of the theft at the Neutzenhelzer home, because they have positive information that he was working in Madison, Ind., at that time, but that he has acted as a go-between, with the assistance of the two women who were to be arrested in Indianapolis today, and aided in getting away with the loot.

Newman was suspected of having a part in the Polk robbery. It was he whom the police trailed the night following the burglary, but who finally escaped. He was seen that evening with a suit case. It has since been learned that he got away on a westbound C. I. & W. train.

Newman served a sentence for robbing the Polk store about three years ago when it was located in a room in East Second street.

The police believed that another Rushville man was responsible for the robbery at the Neutzenhelzer home, when a pair of shoes, a gold watch, a pair of silk hose and a pair of gloves were stolen, but they were never able to fasten the job on him. His actions that night were investigated and it was found that he was not implicated. The thief at the time he entered the Neutzenhelzer home, went to the other side of the double house and stole a purse containing ten dollars, which belonged to Mrs. Campbell, mother of Mrs. Fred Boxley, who lives there.

Guy Newman and Delbert Newman are both in jail yet, having been arrested as suspects in the Polk burglary, but it is expected that they may be implicated in the other thefts since Bert Newman has been found with the stolen goods in his possession. Fred Clevenger, Jr., who was arrested last Sunday, has pleaded guilty to having a part in entering the Polk store. Judgment was withheld pending further investigation.

Advices Closing Schools

Washington, Dec. 12.—With a large increase in the number of cases of influenza throughout the country today, Surgeon General Blue issued a warning, urging the same precautions be taken as those of several weeks ago. Blue advised the closing of all schools at first appearance of the epidemic, pointing out that the disease is now more prevalent among children.

NAMES WATSON AS A CANDIDATE

Bert M. Fernald, Senator From
Maine, Suggests Indiana Sen-
ator as Logical Person

INTERVIEW AT BATH, MAINE

Other Admirers Agree and Recall
His Qualifications as Presi-
dential Candidate

Senator James E. Watson of this city as the logical person for the republican candidate for president in 1920, is suggested by Senator Bert M. Fernald of Maine, in an interview in the Bath (Maine) Daily Times, and his suggestion is backed by other admirers of the Indiana senator, who point out his qualifications in the following article in the Bath Times.

Speaking of the possible candidates for the presidency in 1920, Senator Bert M. Fernald of Maine features the prediction that Senator James E. Watson of Indiana, is today the most logical person to whom that honor may be accorded at the republican National convention.

This prediction made by one of our Maine senators, and endorsed by Justice Philbrook, in the presence of a little gathering about the big fireplace in the Augusta House, was to a representative of The Times, who had asked the Senator's opinion as to the outlook.

Of course many things happen to change the political complexion of things but that Senator Watson is a man of great strength, particularly through the middle west is admitted by all conversant with political conditions.

While a member of the House, during the McKinley administration he became the party whip. In making the selection of the whip of the party only a strong, forceful energetic man is chosen and he so acquitted himself in his work that he continued to exercise that authority throughout the time that he remained in the House. In the Senate he has already won distinctive recognition and has made a strong impression for the forceful manner in which he handles legislative matters and is considered a power in Washington.

Senator Watson is said to be a great mixer, as well as a great legislator. He is said to have a marvelous memory, a keen sense of wit and a great stickler for justice. He never forgets an acquaintance and his memory of names and dates is something remarkable.

Col. Edward C. Plummer of this city is a warm admirer of Senator Watson and in speaking of the possibility of his nomination Col. Plummer said to The Times today:

"I recall one little incident which goes to prove the great power which Watson possesses as an orator and a man who can meet most any occasion which may arise. We were in Winnipeg where we had been attending, as delegates, the session of the supreme lodge, Knights of Pythias. It was in 1914, the great war had just broken out and there was a big meeting in Winnipeg in which many prominent men were to speak, among them the Governor General of Canada. Senator Watson was asked to speak for America. I shall never forget the enthusiasm which greeted his remarks. At the conclusion the applause was so long continued and deafening that he was obliged to return and resume his speaking, which was something remarkable, as I think you will admit. The ovation given him was the greatest of any speaker at the meeting and his speech was far and away ahead of the other speakers."

Senator Watson has for many years been in charge of the law department of the Knights of Pythias.

MACHINES WANTED TO HAUL RED CROSS NURSES

The Red Cross committee in charge of civilian relief during the influenza epidemic, today appeals for machines to haul the special Red Cross nurse and the visiting nurse in answering calls. Too much time is wasted when they are compelled to walk and they have so many homes to visit that they can not give the relief needed unless machines are provided. People who will donate their cars may call Phone 1627 or 1007.

58 NEW CASES IS REPORT FOR TODAY

Ten of The Number Are Found in

ing Invaded by Malady

APPEAL FOR AUTOMOBILES

Red Cross Wants Machines to Haul
Nurses, Whose Services Are in
Constant Demand

Fifty-eight new cases of the influenza were reported for the period of twenty-four hours ending at noon today, ten of which are in the city of Rushville. The remainder are in Mays and vicinity, Homer and vicinity and in the vicinity of Rushville. This brings the total number of patients treated in the county during the epidemic to 1,758.

The Red Cross relief committee today made an appeal for the services of more automobiles to aid Mrs. Thomas Cohee, special Red Cross nurse, and Miss Maud Hunt, the visiting nurse, in answering calls. It is feared by the committee with so much work to do, that the nurses may themselves be afflicted and complicate the already serious situation.

So many families are in destitute circumstances and there are so many homes where every member of the family is sick, that the services of the nurses are in constant demand. The Red Cross committee has in some instances been compelled to hire automobiles to haul the nurses. Some people, however, have been very generous and have offered their machines freely. There have been so few in this class that the committee does not like to impose on them. It is desired by the committee to have enough machines at its disposal so that no one will have to be used more than one-half of a day each week. People who will donate the use of their cars are urged to call telephone 1627 or 1007.

Although the number of new cases today was far in excess of yesterday's report, it was not half as large as Monday's report, which showed 127 cases. Health officials are not seriously alarmed at the situation, believing that the disease can be held down.

The statement by Dr. Woods Hutchinson, the most noted medical authority in the United States, at the meeting of the Public Health association in Chicago, that quarantines and closing orders in combating the influenza, are relics of a barbaric age, is calculated to give pause to those who have been agitating the quarantining of homes as a means of stamping out the epidemic. He stated that the "flu" mask and vaccine are the only methods which should be used in fighting the malady, because observations have shown that a person who has been vaccinated scarcely ever has any complications with the influenza. Every day a larger number of people are being vaccinated, according to reports from physicians.

The seventeen new patients reported by Dr. Lord of Mays have developed the malady since December 5, most of them having been afflicted December 9. Dr. Barnett of

PROGRAM BEFORE THE RED CROSS

To Meet Problems of Reconstruc-
tion, Every Person's Dollar and
Support is Needed

STATEMENT BY H. P. DAVISON

Red Cross Will Stay With Soldiers
and Sailors Until They Are
Demobilized

Where Roll Call Team
Captains Should Report

The following announcement was issued today at the Rush County Red Cross Roll Call headquarters:

All canvassers for the Red Cross Roll Call should make reports and settlements to their team captain. All team captains in Rushville and Rushville township shall make their report and settlements to Judge Sparks. All township chairmen, when they receive their reports and settlements from their assistants shall make their reports and settlements to Nora Sleeth, who has been appointed the Roll Call treasurer, at the county recorder's office. No reports should be made until the canvass has been completed. Mrs. Edna Riggs has been placed in charge of Roll Call headquarters.

Lack of understanding of the mission of the Red Cross during the demobilization of the soldiers and sailors and during the days of reconstruction, may cause many people to hesitate about enrolling in the Red Cross during the Roll Call campaign, which has already been started in this country.

Henry P. Davison, chairman of the Red Cross war council, has addressed a long statement to the 3854 chapters and 22,000,000 members, outlining the large program of the Red Cross and showing the necessity of the financial and moral support of every community in the United States. Part of the statement which has been received here, is as follows:

The whole American people will be invited in the week preceding Christmas to enroll as members of the Red Cross. It is confidently believed there need be no further campaigns for Red Cross funds, but instead, the annual roll call will constitute the foundation of the Red Cross. The people should therefore know as definitely as possible the plans of this their national humanitarian society.

Since the armistice was signed, I have had an opportunity to confer in Paris with the heads of all American Red Cross Commissions in Europe, and later in Washington with the President of the United States, the War Council of the Red Cross, the managers of the fourteen Red Cross divisions of the United States, and with the heads of our departments at national headquarters. I am, therefore, able to speak now with knowledge and assurance in saying that the beneficent work of the American Red Cross is to go forward on a great scale—not alone, as heretofore, for purposes of relief in war, but as an agency of peace and permanent human service.

Since America's entry into the war, the purpose of our Red Cross has been primarily to aid our army and navy in the care of our own men under arms, and, secondly, to extend relief to the soldiers, sailors and civilians of these nations which were fighting our battles along with their own. With the funds which have been so generously contributed by the American people this war work of the Red Cross will continue and be complete with all pos-

KIDNEYS WEAKENING?

LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granting a special charter authorizing its preparation and sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.—(Adv.)

SUES FOR A DIVORCE AND \$1,500 ALIMONY

Appolonia Shauck Charges Her Husband, Dr. A. G. Shauck, With Being Habitual Drunkard

SUIT DISMISSED 2 YEARS AGO

Appolonia Sonia Shauck of Arlington has filed suit in the circuit court against her husband, Dr. Albert G. Shauck, a practicing physician of Arlington, for a divorce and \$1,500 alimony, alleging her husband is an habitual drunkard and was stingy with his money.

Dr. Shauck filed suit for divorce from his wife August 27, 1917, but the case was dismissed on his motion December 1, 1917.

The complaint states that Dr. and Mrs. Shauck were married January 29, 1915 and lived together until December 11, 1918. Mrs. Shauck alleges that her husband cursed and swore at her and called her vile names. She says that he had ordered her to leave home and that he was pennurious and refused to give her money to buy sufficient clothes. At the same time, it is alleged, he spent large sums in riotous living. The complaint states that Dr. Shauck has real estate valued at \$2,000, personal property worth \$1,000 and a lucrative practice which provides him with an income of \$3,000 a year.

Dr. Shauck announced today that he would not be responsible for any deaths which might be reported by his wife.

58 NEW CASES IS

REPORT FOR TODAY

Continued from Page One

Homer reported twenty new cases which have developed Monday. Eleven outside Rushville were reported by Rushville doctors.

Five of the ten new patients in the city are in homes which the disease before had not invaded. The new patients are: Mrs. Silver Miller; Arthur Jeffrey, 38, North George street; Eulaia Hinchman, 10, 361 East Tenth; Lester Benfield S. Russell Benfield 6, and Margeurite Benfield 3, North Cherry; Mrs. Leonard Clark, 633 North Jackson; William Waggoner, 301 East Fifth; Mary Matlock, 6, 805 West Tenth; Melvin Parthing, 12, East Seventh.

TWO CASES ARE SENT AWAY

Motions of Frederick Hilligoss For Venue Change Granted

Motions of Frederick Hilligoss for changes of venue in two cases in which he is a defendant, have been granted by Judge Sparks in the circuit court. The suit filed by Harter Behout for \$150 on a note has been sent to Fayette county and five days allowed to perfect the change. The case brought by Orville E. Woolebridge, charging libel, has been sent to Shelby county and the same time allowed for making the change.

Objections to the probate of the will of Charles M. Marts, which were filed by Minnie G. Needham against Ora E., Karl W., and Frances Louise Marts, have been dismissed at the costs of the estate in accordance with a written agreement.

WOMEN FACE STARVATION

Berlin, Dec. 12.—Thousands of women face starvation on account of being thrown out of their war jobs. The women munition workers who will be demobilized will find it hard to get employment due to the lack of raw material. Some obtained employment on the farms.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

sible sympathy and energy.

Wherever our soldiers and sailors may be, the Red Cross will stay with them until they are demobilized. Nothing which we may do will be left undone, either the men in the war zone, for those returning, for those in the camps and hospitals or for their families at home, to whom will continue to be devoted the ministrations of the Red Cross Home Service. In this latter effort 50,000 trained Red Cross workers are now engaged at 2500 different places throughout the land.

distressed civilian populations of Europe are of such magnitude that necessarily they must be met very largely by the governments of our allies, with whom our own government will co-operate.

The great tasks of fighting tuberculosis, promoting child welfare, and caring for refugees, with which the American Red Cross has concerned itself so effectively in France, Italy and Belgium, will at an early date be assumed by the governments, the Red Cross organizations and the relief societies of those countries, which, now that they are released from the terrible burden of waging war, naturally desire to take care, as far as they can, of their own people.

The war program of the American Red Cross will thus steadily and rapidly merge itself into a peace program. The wake of the war will, however, reveal the prevalence of disease, and give rise to epidemics and emergencies which in all parts of the world will call for unlimited voluntary effort, the cutting of red tape and the manifestation of those qualities of human sympathy which government action cannot display.

Here will be the opportunity for the American Red Cross. But even our Red Cross must not act and cannot act effectively alone; we must labor in co-operation with the National Red Cross and relief societies of other nations, to the end that not alone the heart of America but the heart of all mankind may be mobilized on behalf of suffering humanity.

While, therefore, the plans of the American Red Cross in this direction cannot be formulated specifically, in advance of the general relief program of the allied governments, the American Red Cross is nevertheless planning to develop its permanent organization in this country upon a scale never before contemplated in time of peace.

The commission which is now conducting the activities of the American Red Cross in foreign countries, as well as the temporary war organization in this country, will as a matter of course ultimately merge their energies with those of the permanent organization of the Red Cross.

Answer "Here!" to Roll Call

"Join! all you need is a heart and a dollar."

Residents of Rush county are confronted at every turn with this Red Cross Christmas Roll Call membership slogan.

Go into a restaurant and you'll find the message on a neat little sticker, attached to the menu card. Buy a magazine at a newsstand, and you'll probably find the "Join" slogan attached to the cover page or carried inside in an attractive advertisement donated to the Red Cross.

At the theater you will meet the slogan again—this time attached to the program or flashed upon the screen. Many of your letters will reach you carrying this timely "urge," and perhaps you'll find it pasted on a telegram. Very likely your Christmas parcels will be sent home from the stores similarly labeled.

Thousands of these little stickers have appeared in Rush county to supplement the work of newspaper advertisements, posters, billboards, street car cards driving home the "Join" message.

The Red Cross has used every possible means to get the "Join" idea across in the Lake Division states of Ohio, Indiana and Kentucky because—

The goal of the Red Cross Christmas Roll Call in this and every community is "universal membership," and "universal membership" means everybody enrolled by December 23.

The Steeplechase Wheels

Thinking in millions (of men) costs us no effort now. When the administration gave notice that a million men had crossed the Atlantic we experienced a variety of thrills. Then we got used to the idea, and the news of 2,000,000 left us tranquil.

When we learned that a large part of our continent were non-combatants certain oversensitive people felt a degree of mortification. The star-spangled feeling was cooling off.

These oversensitive ones would feel more cheery if they could see then on-combatants at work. Less than a year ago there was an unclaimed swamp near a French port. Your Uncle Sam has drained it, covered it with a series of workshops bigger than the capitol at Washington, and out of it he throws high caliber guns like sausages out of Chicago. He stacks machine-guns on freight cars like an elevator vomiting grain, and away they went to the front. And many of his larger guns contained about 8,000 parts.

In another he found workmen quarrying by hand to prepare concrete roads to the trenches. He installed mechanical excavators, and on the fourth day was loading cars as fast as they could be hauled.

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

CORA JACKSON IS FINED

Jail Sentences Are Suspended Providing She Pays Fines

Mrs. Cora Jackson, formerly Cora Fields, was fined \$1 and costs, and sentenced to thirty days in jail on each of two charges for petit larceny, by Mayor Irvin yesterday evening. The mayor suspended the jail sentences with the understanding that she would pay the fines and costs today. One charge involved the theft of some clothes off the line in the yard at the home of Mrs. Mattox, corner of Arthur and Fifth streets, and a lap robe from Forrest Havens. Mrs. Jackson told the mayor she found all of the articles which were found in her possession by the police.

FARMERS FORM AN ORGANIZATION

Better Farming Association Has For Its Purpose General Improvement of Agriculture

OFFICERS ARE SELECTED

Executive Committee Consisting of One Member of Each Township is Also Named

At a meeting of Rush county farmers held yesterday in the county agent's office a Better Farming Association was organized. The constitution was adopted and the following officers elected: W. A. Alexander, president; John O. Hill, vice-president, and Howard Ewbank, secretary.

An executive committee consisting of one representative from each township was elected to have charge of the affairs of the association.

The association has as its purpose the general improvement of agricultural conditions in whatever way possible.

Among other things, it will aid in determining the better varieties of farm crops and the establishment of these varieties. For example, there was a difference of 2.7 bushels between the highest and lowest yielding varieties of wheat in this county this year, as shown by the threshermen's reports. Michigan Amber was the highest yielder. If it continues to hold its position for two or three years, the association will feel justified in recommending this variety for more extensive planting.

Variety tests of corn, fertilizer tests, lime tests and other similar projects will be conducted through the direction of the organization.

The prevention of plant and animal diseases where organized effort is desirable will receive considerable attention.

Publicity will also be given to the new and successful operations of practical farmers that others may have the benefit of their findings.

T. A. Coleman of Lafayette, who expected to be present, was prevented by illness in his family.

CIVIL WAR VETERAN DIES

W. H. Cochran, Father of Glenwood Woman, Expires at Marion Home

William H. Cochran, age seventy-seven years, father of Mrs. Erskine Dailey of Glenwood, died at the soldiers home at Marion, Ind., yesterday afternoon and the body will be taken to Riley, O., the old home of the deceased for burial. After the death of his wife several years ago, Mr. Cochran lived for a time with his daughter and was well known in Glenwood and vicinity. He served for more than three years in the civil war. Mr. Cochran was born in Madison county, Indiana, December 3, 1842. His only survivors are Mrs. Dailey and one son, Oscar, of New York City.

ON DETACHED DUTY TO RECEIVE WOUNDED

Capt. L. M. Green and Eight Men of Sanitary Detachment Transferred to Hospital Near Renns

SIX OTHERS LOST TO UNIT

Captain Lowell M. Green and eight members of the 139th Field Artillery regiment's sanitary detachment, which was organized here by Capt. Green, have been transferred to the camp hospital No. 31 at Camp Meunom, near Renns, Brittany, France, and put on detached duty to receive a large shipment of wounded men, according to a letter from the former Rushville physician. The eight men besides the captain are Harry Green, John Hermansdorfer, Emil Ostrofsky, Ray Benning, Wilbur Spivey, Leo King, Errol Stoops and Sergeant Robert Craig.

Robert McNeely, William Glover and Private Pabst have been lost to the unit, according to Capt. Green, having been left in a hospital at Tourlaville, France, when the outfit was moved. They have recovered, however, and have been transferred to another unit. James Walker, who was left behind in a hospital at Liverpool, England, and Ed Cooming and Ernest Mitchell, who were left at the New Zealand hospital at Codford, England, are recovering and will likely also be transferred.

This letter gives the first information that Capt. Green has been promoted from a first lieutenant, which rank he held when he entered the service. It was known here that he had been advanced to captain, but it was not known whether he had received his commission yet.

URGES BIG NAVY.

(By United Press.)

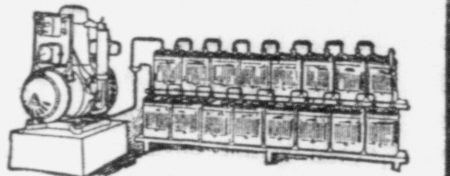

Washington, Dec. 12.—America should have a navy equal to that of any country in the world, Admiral Badger, told the house navy affairs committee today. Badger, who is a member of the general board, was explaining the navy appropriation bill to the committee. He urged the building program to increase America's fleet to meet anything afloat by 1925.

The W. R. C. met yesterday afternoon at 2:00 o'clock in the G. A. R. room. After the business meeting the following officers were elected: Mary Young, president; Bell Smith, senior vice-president; Sarah Gullin, junior vice-president; Rebecca R. Gregg, treasurer; Mary Poston, chaplain; Laura Wolverton, conductor; Lydia Turner, Guard; Anna Gilson, delegate to the state convention; Lizzie English, alternate; Eva Offutt, installing officer.

Mrs. Rose Berry was pleasantly surprised Tuesday by a number of her friends and relatives, the occasion being in honor of her eighty-fifth birthday. A delicious pitch-in-dinner was served at noon. The guests for the occasion were: Mr. and Mrs. Earl Payne and daughter Elizabeth, Mrs. Harry Stricker, Miss Minnie Creekmore, Mrs. O. W. Walton and daughter Florine, Mrs. Mart Spivey, Mrs. John Churchill, Mrs. Hobe Adams and daughter Ella and Mrs. Ed Young and daughter.

A large crowd of Knights of Columbus and their families enjoyed the annual dinner given last night at the hall, celebrating the fifteenth anniversary of the order. Addresses were made by Lieut. Chaplain Patrick H. Griffin of Fort Harrison, the Rev. M. W. Lyons, Donald Smith and A. H. Schridte. The musical program consisted of vocal solos by Paul Lagrange and Francis Coyne, and a violin solo by Miss Lois Reeve. The hall was tastefully decorated for the occasion.

Amusements

Billie Burke at Princess
Billie Burke in "In Pursuit of Polly" comes to the Princess theater today for two days' run. This delightful star was first made a reputation on the legitimate stage before deserting it for the movies. Is pictured as a captivating girl who gives a fellow the chase of his life before he finally wins her. The allied war review will also be shown. Gladys Leslie will be here in "Wild Promise" Friday and on Monday, "America's Answer," a patriotic picture, will be the attraction.

DENIED BY BRIDGE COMPANY

President Says Unfair Methods Are Not Used to Get Business

(By United Press.)
Washington, Dec. 12.—The National Bridge company of Indianapolis today was cited by the federal trade commission to appear to answer the complaint regarding business methods. The commission says it has reason to believe that the concern is using unfair methods in securing trade.

Indianapolis, Ind., Dec. 12.—Daniel B. Luten, President of the National Bridge company in a statement denied charges made by the federal trade commission that his company was using unfair business methods.

MRS. KATE HERR EXPIRES

Widow of Late Nathan Herr Dies Following Attack of Gall Stones

Mrs. Kate Herr, age fifty-nine years, widow of the late Nathan Herr, died at noon today from an attack of gall stones, after a short illness. She suffered an attack last Saturday and her condition soon became critical. Mrs. Herr was a member of St. Mary's Catholic church. She is survived by two daughters, Mrs. Joe Buschmohle and Mrs. Bert Buell, and one son, Tom Herr. In addition, she also leaves her mother, Mrs. Mary Haney, and two sisters. The funeral will be held at the church Saturday morning at nine o'clock.

HOSPITAL SHIP ARRIVES

New York, Dec. 12.—The American hospital ship Mercy arrived here today with 396 wounded troops aboard. On account of the rough weather encountered, she was two days overdue. She was forced to dock at Bermuda to take coal.

Mrs. William Burgess is ill at her home suffering with influenza.

SWEAR EBERT ALLEGIANCE

Prussian Guard Reported to Stand by Chancellor of New Government

Copenhagen, Dec. 12.—The Prussian guard returning to Berlin is reported to have sworn allegiance to Chancellor Ebert's government. The unit of the best German troops was enthusiastically welcomed by the alignment of the Prussian guard on Chancellor Ebert's side, placing him in the position to meet the growing strength of the Bolsheviks.

CAR SERVICE NOT AFFECTED

Strike Voted in Indianapolis Last Night Apparently Failure.

Indianapolis, Ind., Dec. 12.—With street car service apparently not seriously affected, the strike for which some operating employees of the Indianapolis Traction and Terminal Company voted at group meetings last night did not get under way far before deputy United States marshals began serving notices on fifteen of the officers and organizers of the

local union to answer in federal court this morning at 10 o'clock to charges of contempt.

YEGGMEN GET BONDS.

(By United Press.)
Greencastle, Dec. 12.—The Farmers State bank at Bainbridge, Putnam county, was looted by burglars last night. Fourth Liberty Loan bonds amounting to \$10,000 were procured by the robbers.

Strength

WOMEN NEED STRENGTH to meet the stress of life during these troublous times. Worry, anxiety or sorrow undermine strength and health. To be strong and well, all the organs of the body must perform the functions assigned to them by nature.

Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder to normal and healthy action, so that the system is freed from waste and poisonous matter that causes backache, pains in side, sore muscles, stiff joints, lumbago, rheumatism, puffiness under eyes and kindred symptoms.
"Mrs. J. D. Miller, Syracuse, N. Y., writes: 'For many years, off and on, I suffered from kidney trouble and rheumatism. I had a severe backache and felt miserable, and I got to a place where I had to do something. I bought Foley Kidney Pills and after taking two bottles I can say my backache is gone, and where I used to lie awake nights with rheumatic pains, I now sleep in comfort and enjoy a good night's rest. Foley Kidney Pills did wonderful things for me and I recommend them.'"

PEPSINCO

A 25 Cent Box Did More Good Than Two Doctors

This man's stomach was so bad he consulted two doctors as to what was necessary. They could not agree, so he followed a friend's advice and took Pepsinco.

The very first day he noticed an improvement. After a few days his food stopped hurting him. In a week's time he was feeling good. He took Pepsinco until he could sit down and eat what he wanted without distress.

Druggists sell lots of Pepsinco because it really does help the stomach. Ask your druggist for a small trial package and cure your stomach trouble.

PLANS FOR MEMORIAL TO INDIANA HEROES

Culver Military Academy Announces That \$75,000 Will be Used to Erect a Library

FOR CHARITABLE PURPOSES

Indianapolis, Dec. 12.—Plans for memorials to Indiana heroes, who fell in the great war, are being made in practically every county in the state. These memorials will take forms of buildings erected for charitable purposes, libraries, gyms, and other such objects in place of the customary piles of brick or stone.

Culver Military academy has largely announced that \$75,000 will be used by the institution to erect a library as a memorial to the former cadets and officers at the military academy, who fell during the war.

THE RED CROSS COMES

By JEANNE JUDSON.

Lest we forget the simple joys,
The kindly thoughts, the human tears,
The harmless laughter and the song
We knew in other happier years,
Lest we grow hard, and cruel and cold,
And being young, our hearts are old,
Held in the grasp of death undied,
The Red Cross comes to fill again,
The cup of mercy long since spilled;
Bid in our hearts the birds to sing,
Reviving joy that anger killed.

What the state will do to perpetuate the memory of those fallen men in a permanent form has not been decided yet. However, many suggestions have been brought forward and it is probable that some action will be taken at the coming session of the legislature.

Col. Orrin Perry, custodian of the Indiana soldiers and sailors monu-

ment which stands in memory of the Hoosier dead and wounded in other wars, has proposed that the corridors in the base of the present monument be used for a naval and military museum that will depict Indiana's part in this war.

Pictures and relics of the various activities would be placed on exhibition in the base of the monument. These corridors are large enough to accommodate a large collection and the only use they are being put to now is to house big guns, relics of the Civil war.

TROUBLE FOR JONES WHEN JONES DESERTS

Paris, Nov. 6. (By Mail).—"The government is holding up my allotment because my service record is not clear. They say I'm charged with desertion. I'm in desperate need."

There were tears in the eyes of Sergeant Jones as he handed an open letter to his commanding officer.

"Read that, will you?" he asked, and the officer shook his head sympathetically.

"Pretty bad Jones. Evidently another case of too many Joneses in the world. Of course we can straighten it out for you as soon as we can get into communication with Washington."

"But what is my wife going to do in the meantime," asked Jones. "You see what she says."

"Why not tell your troubles to the Red Cross?" asked the officer. "They have a home service office in Paris for cases like that."

The sergeant took his advice, and 2 letters and 3 cables straightened out the matter, relieved the wife's need and the soldier's distress.

American Red Cross home service handled 3,660 similar cases from June to September.

MAY WEAR UNIFORMS

Washington, Dec. 12.—Reserve officers were today authorized by the war department to wear their uniforms for three months after their transfer to the inactive list. This privilege is already accorded by law to "any person honorably discharged from the army, navy or marine corps, regulars or volunteers."

GARDEN PRODUCTS WASTED THIS YEAR

Too Many Perishable Crops Grown Which Could Not be Stored For Winter Use

"Now is good time for the backyard gardeners to make an invoice of the products of their garden," says Marion Detrick, county agent. "In many cases too much of the perishable crops was grown, and had to be wasted, while the ground might have been planted in crops that can be stored for the winter."

"A survey of the area planted to each crop, and the product harvested will help greatly to plan the garden for next year. If the store of winter vegetables is low, it is good evidence that the garden should be enlarged, or still better manured this fall to prepare for a bumper crop next summer."

"A count of the cans of vegetables and stored garden products generally reveals the fact that the garden has been a good investment."

"We are told by good authority that food will be short next year and there is as much need of garden next summer as ever."

CANDY, PICKLES FOR YANKS

To be Rushed to Europe To be Used For Xmas Festivities

Washington, Dec. 12.—Every overseas soldier is to get a half pound of candy every ten days as a part of his ration, and every man is to be provided with pickles to last him several months. The candy and pickles are to be "rushed" to Europe, so that they may be used by the expeditionary forces for their Christmas festivities.

The total candy to be shipped is 9,000,000 pounds, and of pickles 565,000 gallons. As there are 200 rations to the gallon, it is estimated that 3,000,000 men will have pickles for several months.

NEW YORK TO START BUILDING AT ONCE

Construction of \$200,000,000 Worth of Dwellings to Begin, Including Apartment Houses

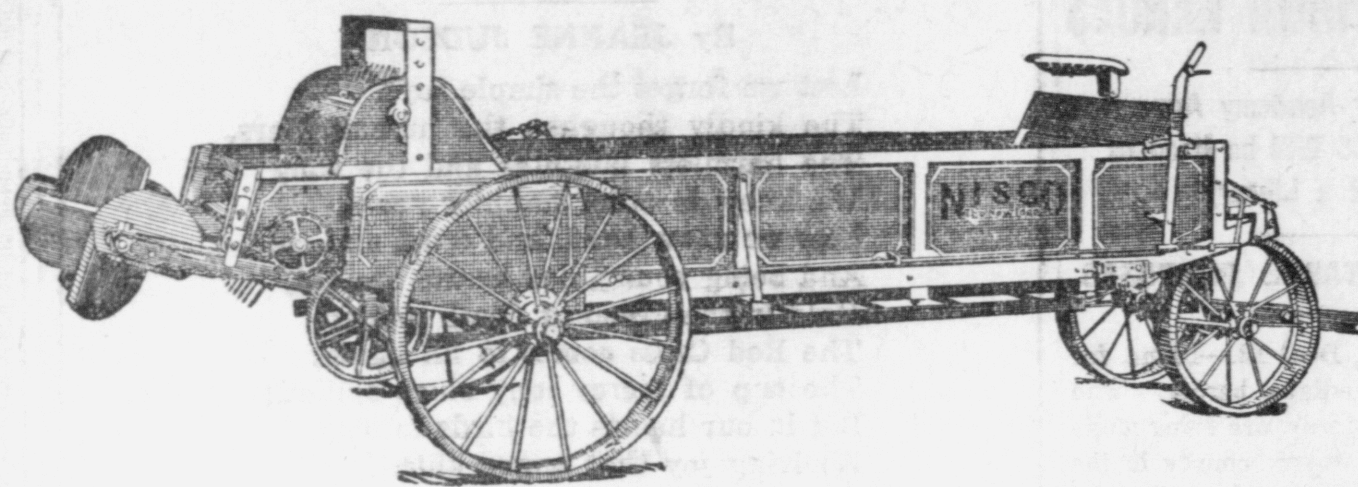

RENTS HAVE BECOME HIGH

(By United Press.)

New York, Nov. 27.—Construction of more than \$200,000,000 worth of dwellings is scheduled to begin here just as soon as men and materials, released from war work, are available.

Most of the buildings will be large apartment houses, plans for which have been drawn and ground for which has been ready for many months.

New York's overpopulation and under-construction was one of the problems that has grown rapidly more acute since the nation abandoned itself more entirely to war work. Rents have become so high that efforts were made several times to interest the federal government in rent regulation or apart-

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron. They have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder to so many who are all run down and dragged out, due to lack of fresh air, exercise, good food and clogged blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right, you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

POILU WRITES IN HEART'S LANGUAGE

Paris, Nov. 6 (By Mail.)—French is an expressive language, but it has nothing on the English used by a grateful poilu, whose wife and little son had been cared for by an American Red Cross physician. To wit, the following, received at American Red Cross headquarters here:

"Dear Doktor,

"I am ashamed of to write you this letter because I have few of knowledge of English. Since longtime already I will desire for learn English. And the occasion being present at me one month ago by the creation of a English school, I follow it each evening hastily. No thing was more discomfortable for me than of meet your brave Yanks on the road without to being able to address a word. The looks seem well, sometimes, to translate a few the kindnesses that we have for them, but that is not conceited, the conversation is better.

"It is now a great joy in all French army that news of Americans success in Lorraine. I should not to finish this little word without thanking you of the prettiness that you have always had for my wife and my little son. Believe well that your shadow me remains dear and that I all receive with the greatest pleasure the little letter you will well write to me. Believe dear doktor at my better sentiments."

OBITUARY

Luella Posey Yakey, daughter of Laura F. Posey, was born in Rush County, Indiana, Feb. 18, 1874; died Nov. 14, 1918. She was married to Arthur L. Yakey Nov. 30, 1908. She lived ten years of happy wedded life. Left to mourn her loss are her husband, mother, five sisters, one brother, other relatives and many friends. In the year 1901 she confessed her belief in the Savior, uniting with the M. E. church at Arlington, later moving her membership to Connersville, and thence to Rushville M. E. church. She also was an active member of the Ladies Aid Society, the Home Missionary Society and the Daughters of the American Revolution. She was a Christian in thought and action, always willing to do her part, was exceptionally home loving and

affectionate, kind to everyone in her quiet way. To know her was to love her.

Dear wife has said goodbye, and gone just a little ahead of us into the garden of Paradise to progress onward until she shall enter the New Jerusalem, Heaven, whither she would have all who loved her to come to eternal bliss.

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!

And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of time and place

The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

The Farmer Receives More Than Five Thousand Dollars a Minute From Swift & Company

This amount is paid to the farmer for live stock, by Swift & Company alone, during the trading hours of every business day.

All this money is paid to the farmer through the open market in competition with large and small packers, shippers, speculators and dealers.

The farmer, feeder, or shipper receives every cent of this money (\$300,000 an hour, nearly \$2,000,000 a day, \$11,500,000 a week) in cash, on the spot, as soon as the stock he has just sold is weighed up.

Some of the money paid to the farmer during a single day comes back to the company in a month from sale of products; much does not come back for sixty or ninety days or more. But the next day Swift & Company, to meet the demands made by its customers, must pay out another \$2,000,000 or so, and at the present high price levels keeps over \$250,000,000 continuously tied up in goods on the way to market and in bills owed to the company.

This gives an idea of the volume of the Swift & Company business and the requirements of financing it. Only by doing a large business can this company turn live stock into meat and by-products at the lowest possible cost, prevent waste, operate refrigerator cars, distribute to retailers in all parts of the country—and be recompensed with a profit of only a fraction of a cent a pound—a profit too small to have any noticeable effect on the price of meat or live stock.

Mrs. Emil Walker Receives Letter Written After Armistice Was Signed—Glad It's Over

WAS SLIGHTLY GASSED ONCE

Mrs. Emil Walker, has received a letter from her husband, Private Walker, Company C, 314 Field Signal Battalion, which was written after the armistice was signed. As a lineman Private Walker was frequently exposed to shell fire, but went through the war without an injury, with the exception of being slightly gassed once. Private Walker, who left Camp Funston, Kansas, last February 9 for overseas service, is glad he is through dodging shells, according to the following letter.

"I am sure glad to know the war is over and there are no more shells to dodge. I will soon be home with you. I was under shell fire for 108 days and was on the front when the guns stopped firing. Was sure glad to hear them stop. I was a lineman and had to go out under shell fire night and day. It sure looked like suicide to go but we had to keep up communication. I have sure gone through a lot and have missed lots of meals, for the kitchen could not get up with us. We got lots of potatoes and cabbage and garden stuff to eat. I sure am not sorry I have done my part and I think I have."

You wanted to know how bad I was hurt. I was gassed a little but not bad. I am all right now, but was sure lucky. Several of the boys died from it.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

RUSH COUNTY BOYS ARE ON THE WAY HOME

Announcement From Washington
Says Transport Martha Wash-
ington Carries 38th

SAILED FOR AMERICA DEC. 9

Return Indicated by Requests Not
to Forward Any More Mail to
Members of Division

WORD IS RECEIVED HERE

38th Formed at Camp Shelby, Miss.,
And Former Indiana National
Guard Units Included

(By United Press.)

Washington, Dec. 12.—The
transport Martha Washington,
left France Dec. 9, with 110
officers and 1656 men, besides
538 wounded men and six en-
listed men. The personnel
aboard the ship is as follows:
the 38th division, the 116th
field artillery, headquarters de-
tachments and the 118th field
artillery, complete.

Indiana Troops Aboard

Indianapolis, Ind., Dec. 12.—Indi-
ana troops have started home from
France, which was indicated in a
dispatch from Washington, saying
that the transport Martha Wash-
ington, carrying the training nucleus of
the 38th division left a French port
for the United States on December
9. The 38th division was formed at
Camp Shelby, Miss. and former In-
diana national guard companies are
included in the division.

There was every reason to believe
here today, before the dispatch was
received, that the 38th division, or
at least some units of it, were on the
way home because of letters re-
ceived from Captain John H. Kip-
linger and Lieutenant Allen H.
Blackledge, requesting relatives not
to forward any more mail to them.

This was not regarded as posi-
tive proof, however, that the division
would sail, because it might have
meant, relatives of these two men
said, that they were being moved to
a new camp.

The 38th division was formed at
Camp Shelby, Miss., and the Fourth
Indiana Infantry, to which were at-
tached the men who enlisted here in
Company B, were absorbed by the
new unit. They were in training
at Camp Shelby for a year and sail-
ed for England in October. The di-
vision was moved to France October
21.

Whether the 139th Field Artil-
lery's sanitary detachment which is
a part of the division and which
was organized here by Captain Lo-
well M. Green, is coming home with
the 38th is not known, but it is pre-
sumed that they are. There is some
doubt about whether Capt. Green
and eight enlisted men are on the
Martha Washington, however, be-
cause word received yesterday was
to the effect that they had been or-
dered on detached duty Nov. 16 at
the camp hospital No. 31 at Camp
Meucom near Rennes, France. The
enlisted men from here thus trans-
ferred were Errol Stoops, Leo King,
Wilbur Spivey, Ray Benning and
Harry Green.

SIX KILLED; 30 INJURED

Washington, Dec. 12.—Six men of
the crew of the armored cruiser
Brooklyn were killed and thirty
others injured, some seriously, in an
explosion of coal dust aboard the
vessel last Monday at Yokohama,
Japan, where she was coaling. The
Navy Department was so informed
in a dispatch from the commanding
officer of the Asiatic fleet, of which
the Brooklyn was flagship.

Commends Hospital Idea.

Dec. 11, 1918.

Editor Republican:

I wish to commend the sug-
gestion of Mrs. T. M. Green that
Rush county erect a memorial
hospital. A triumphal arch of
artistic design, marking the
gateway to its approach, and
the hospital itself, would make
a fitting testimonial to the valor
of Rush county's victors in the
great war for the freedom of
all mankind.

AMERICAN PARTY LANDS TOMORROW

George Washington, 600 Miles Out
From Brest, According to Last
Word Received From Vessel.

PLANS FOR LANDING MADE

French and American Warships Will
Fire Presidential Salute and
Pass in Review.

(By United Press.)

Aboard the George Washington
(by wireless to the United Press) via
London, Dec. 12.—President Wilson
may march with the Americans in
the parade in Paris, it was indicated
today. If the peace congress is not
over by March, when the new con-
gress convenes, it will be necessary
for President Wilson to return to
the United States and send a secre-
tary to France.

Brest, France, Dec. 12.—The
George Washington, bearing Presi-
dent Wilson and his party was 600
miles out from Brest, when the last
report was received by wireless at
midnight last night.

The big steamer makes only 15
knots due to the heavy seas but was
expected to arrive on schedule time
Friday afternoon. There is a heavy
fog and a drizzling rain near shore.
According to plans, at 3 o'clock to-
morrow he will be welcomed by For-
eign Minister Pichon, and other
French officials. Col. House, Gen-
eral Bliss, General Pershing and Ad-
miral Benson will go aboard the
steamer at three o'clock and ex-
change greetings, prior to their ar-
rival. Margaret Wilson will accom-
pany this party. Political leaders
and members of the chamber of de-
puties will await the party on the
shore.

Nine French cruisers, four French
destroyers, Admiral Mayo's flag-ship
Pennsylvania, Admiral Simons' flag-
ship Wyoming, and the American
dreadnaughts Florida, Utah, Arizona,
Arkansas, New York, Texas,
Nevada, and Oklahoma, and a num-
ber of American destroyers, will
anchor in double line, with the George
Washington proceeding down the
lane and receiving the presidential
salute of 21 uns from the French de-
stroyers. The liner will then anchor
at the head of the line and the ships
will pass in review.

EXPLAINS M'ADOO REQUEST

Sen. Kellogg Says he is Trying to
Put Over Government Ownership

Washington, Dec. 12.—Senator
Kellogg, Minnesota, today declared
that Director General McAdoo is
trying to put over government own-
ership of railroad, against the oppo-
sition of the American people. That,
Kellogg declared, is the meaning of
McAdoo requesting congress for a
five year extension of government
control. Kellogg, a member of the
senate interstate commerce com-
mittee, presented McAdoo's letter to
congress, outlining the plan, with
the statement that it is no legal docu-
ment because it came after Presi-
dent Wilson told congress he had no plan
for solution of the railroad problem
now.

BERT NEWMAN HELD NAMES WATSON IN INDIANAPOLIS AS A CANDIDATE

Rushville Boy Arrested With Ar-
ticles Stolen From Home of
Mrs. Mary L. Neutzenhelzer

TWO WOMEN ARE IMPLICATED

Ramifications of Robberies Week
Ago Saturday May Lead to
Solution of Polk Burglary

Deputy Sheriff Will Spivey and
Policeman Basil Seward went to
Indianapolis this morning at 1:51
o'clock to return to Rushville Bert
Newman, about twenty years of
age, who was found in possession of
articles stolen from the home of
Mrs. Mary L. Neutzenhelzer, 421
North Morgan street, a week ago
last Saturday night, and arrested
by the Indianapolis police.

The local authorities also expect-
ed, while in Indianapolis, to cause
the arrest of two Rushville women
who are suspected of being implicat-
ed in this and other robberies which
have taken place here lately.

The thefts of a week ago Satur-
day night, with all of their ramifica-
tions, are expected to throw some
light on the robbery of the Polk
hardware store, 127 North Main
street, last Thursday night because
Newman was believed to have been
implicated in the Polk robbery.

The police say that Newman is
not guilty of the theft at the Neu-
zenhelzer home, because they have
positive information that he was
working in Madison, Ind., at that
time, but that he has acted as a go-
between, with the assistance of the
two women who were to be arrested
in Indianapolis today, and aided in
getting away with the loot.

Newman was suspected of having
a part in the Polk robbery. It was
he whom the police trailed the night
following the burglary, but who finally
escaped. It was seen that even-
ing with a suit case. It has since
been learned that he got away on a
westbound C. I. & W. train.

Newman served a sentence for
robbing the Polk store about three
years ago when it was located in a
room in East Second street.

The police believed that another
Rushville man was responsible for
the robbery at the Neutzenhelzer
home, when a pair of shoes, a gold
watch, a pair of silk hose and a
pair of gloves were stolen, but they
were never able to fasten the job on
him. His actions that night were
investigated and it was found that
he was not implicated. The thief
at the time he entered the Neutzen-
helzer home, went to the other side
of the double house and stole a
purse containing ten dollars, which
belonged to Mrs. Campbell, mother
of Mrs. Fred Boxley, who lives
there.

Guy Newman and Delbert New-
man are both in jail yet, having
been arrested as suspects in the
Polk burglary, but it is expected
that they may be implicated in the
other thefts since Bert Newman
has been found with the stolen
goods in his possession. Fred Cle-
enger, Jr., who was arrested last
Sunday, has pleaded guilty to hav-
ing a part in entering the Polk
store. Judgment was withheld pend-
ing further investigation.

Advices Closing Schools

Washington, Dec. 12.—With a
large increase in the number
of cases of influenza through-
out the country today, Sur-
geon General Blue issued a
warning, urging the same pre-
cautions be taken as those of
several weeks ago. Blue ad-
vised the closing of all schools
at first appearance of the epi-
demic, pointing out that the
disease is now more prevalent
among children.

Bert M. Fernald, Senator From
Maine, Suggests Indiana Sen-
ator as Logical Person

INTERVIEW AT BATH, MAINE

Other Admirers Agree and Recall
His Qualifications as Presi-
dential Candidate

Senator James E. Watson of this
city as the logical person for the
republican candidate for president
in 1920, is suggested by Senator
Bert M. Fernald of Maine, in an in-
terview in the Bath (Maine) Daily
Times, and his suggestion is backed
by other admirers of the Indiana
senator, who point out his qualifica-
tions in the following article in the
Bath Times.

Speaking of the possible candi-
dates for the presidency in 1920,
Senator Bert M. Fernald of Maine
features the prediction that Senator
James E. Watson of Indiana, is to-
day the most logical person to whom
that honor may be accorded at the
republican National convention.

This prediction made by one of
our Maine senators, and endorsed by
Justice Philbrook, in the presence of
a little gathering about the big fire-
place in the Augusta House, was to
a representative of The Times, who
had asked the Senator's opinion as
to the outlook.

Of course many things happen to
change the political complexion of
things but that Senator Watson is a
man of great strength, particularly
through the middle west is admit-
ted by all conversant with political
conditions.

While a member of the House,
during the McKinley administration
he became the party whip. In mak-
ing the selection of the whip of the
party only a strong, forceful ener-
getic man is chosen and he so ac-
quitted himself in his work that he
continued to exercise that author-
ity throughout the time that he re-
mained in the House. In the Sen-
ate he has already won distinctive
recognition and has made a strong
impression for the forceful manner
in which he handles legislative mat-
ters and is considered a power in
Washington.

Senator Watson is said to be a
great mixer, as well as a great leg-
islator. He is said to have a mar-
velous memory, a keen sense of wit
and a great stickler for justice. He
never forgets an acquaintance and his
memory of names and dates is some-
thing remarkable.

Col. Edward C. Plummer of this
city is a warm admirer of Senator
Watson and in speaking of the pos-
sibility of his nomination Col. Plum-
mer said to The Times today:

"I recall one little incident which
goes to prove the great power
which Watson possesses as an or-
ator and a man who can meet most
any occasion which may arise. We
were in Winnipeg where we had been
attending, as delegates, the session
of the supreme lodge, Knights of
Pythias. It was in 1914, the great
war had just broken out and there
was a big meeting in Winnipeg in
which many prominent men were to
speak, among them the Governor
General of Canada. Senator Watson
was asked to speak for America. I
shall never forget the enthusiasm
which greeted his remarks. At the
conclusion the applause was so
long continued and deafening that
he was obliged to return and re-
sume his speaking, which was
something remarkable, as I think
you will admit. The ovation given
him was the greatest of any speak-
er at the meeting and his speech
was far and away ahead of the
other speakers."

Senator Watson has for many
years been in charge of the law de-
partment of the Knights of Pythias.

MACHINES WANTED TO HAUL RED CROSS NURSES

The Red Cross committee in
charge of civilian relief during the
influenza epidemic, today
appeals for machines to haul the
special Red Cross nurse and the
visiting nurse in answering
calls. Too much time is wasted
when they are compelled to
walk and they have so many
homes to visit that they can not
give the relief needed unless
machines are provided. People
who will donate their cars may
call Phone 1627 or 1007.

58 NEW CASES IS REPORT FOR TODAY

ing Invaded by Malady

APPEAL FOR AUTOMOBILES

Red Cross Wants Machines to Haul
Nurses, Whose Services Are in
Constant Demand

Fifty-eight new cases of the in-
fluenza were reported for the period
twenty-four hours ending at noon
today, ten of which are in the city
of Rushville. The remainder are in
Mays and vicinity, Homer and vic-
inity and in the vicinity of Rush-
ville. This brings the total number
of patients treated in the county
during the epidemic to 1,758.

The Red Cross relief committee
today made an appeal for the ser-
vices of more automobiles to aid
Mrs. Thomas Cohee, special Red
Cross nurse, and Miss Maud Hunt,
the visiting nurse, in answering
calls. It is feared by the committee
with so much work to do, that the
nurses may themselves be afflicted
and complicate the already serious
situation.

So many families are in destitute
circumstances and there are so
many homes where every member of
the family is sick, that the services
of the nurses are in constant de-
mand. The Red Cross committee
has in some instances been com-
pelled to hire automobiles to haul
nurses. Some people, however, have
been very generous and have offered
their machines freely. There have
been so few in this class that the
committee does not like to impose
on them. It is desired by the com-
mittee to have enough machines at
its disposal so that no one will have
to be used more than one-half of a
day each week. People who will
donate the use of their cars are
urged to call telephone 1627 or 1007.

Although the number of new cases
today was far in excess of yester-
day's report, it was not half as
large as Monday's report, which
showed 127 cases. Health officials
aren't seriously alarmed at the
situation, believing that the disease
can be held down.

The statement by Dr. Woods
Hutchinson, the most noted medical
authority in the United States, at
the meeting of the Public Health as-
sociation in Chicago, that quaran-
tines and closing orders in combat-
ing the influenza, are relics of a
barbaric age, is calculated to give
pause to those who have been agi-
tating the quarantining of homes as
a means of stamping out the epi-
demic. He stated that the "flu"
mask and vaccine are the only meth-
ods which should be used in fighting
the malady, because observations
have shown that a person who has
been vaccinated scarcely ever has
any complications with the influen-
za. Every day a larger number of
people are being vaccinated, accord-
ing to reports from physicians.

The seventeen new patients re-
ported by Dr. Lord of Mays have
developed the malady since Decem-
ber 5, most of them having been af-
flicted December 9. Dr. Barnett of

PROGRAM BEFORE THE RED CROSS

To Meet Problems of Reconstruc-
tion, Every Person's Dollar and

STATEMENT BY H. P. DAVISON

Red Cross Will Stay With Soldiers
and Sailors Until They Are
Demobilized

Where Roll Call Team
Captains Should Report

The following announcement
was issued today at the Rush
County Red Cross Roll Call
headquarters:

All canvassers for the Red
Cross Roll Call should make
reports and settlements to their
team captain. All team captains
in Rushville and Rushville
township shall make their re-
port and settlements to Judge
Sparks. All township chairmen,
when they receive their reports
and settlements from their as-
sistants shall make their re-
ports and settlements to Nora
Sleeth, who has been appoint-
ed the Roll Call treasurer, at
the county recorder's office. No
reports should be made until
the canvass has been completed.
Mrs. Edna Riggs has been
placed in charge of Roll Call
headquarters.

Lack of understanding of the
mission of the Red Cross during the
demobilization of the soldiers and
sailors and during the days of re-
construction, may cause many peo-
ple to hesitate about enrolling in the
Red Cross during the Roll Call cam-
paign, which has already been start-
ed in this country.

Henry P. Davison, chairman of
the Red Cross war council, has ad-
dressed a long statement to the 3854
chapters and 22,000,000 members,
outlining the large program of the
Red Cross and showing the neces-
sity of the financial and moral sup-
port of every community in the
United States. Part of the statement
which has been received here, is as
follows:

The whole American people will be
invited in the week preceding Christ-
mas to enroll as members of the
Red Cross. It is confidently believed
there need be no further campaigns
for Red Cross funds, but instead,
the annual roll call will constitute
the foundation of the Red Cross.
The people should therefore know as
definitely as possible the plans of
this their national humanitarian
society.

Since the armistice was signed, I
have had an opportunity to confer
in Paris with the heads of all Amer-
ican Red Cross Commissions in Eu-
rope, and later in Washington with
the President of the United States,
The War Council of the Red Cross,
the managers of the fourteen Red
Cross divisions of the United States,
and with the heads of our depart-
ments at national headquarters. I
am, therefore, able to speak now
with knowledge and assurance in
saying that the beneficent work of
the American Red Cross is to go
forward on a great scale—not alone,
as heretofore, for purposes of relief
in war, but as an agency of peace
and permanent human service.

Since America's entry into the
war, the purpose of our Red Cross
has been primarily to aid our army
and navy in the care of our own
men under arms, and, secondly, to
extend relief to the soldiers, sail-
ors and civilians of these nations
which were fighting our battles along
with their own. With the funds
which have been so generously con-
tributed by the American people this
war work of the Red Cross will con-
tinue and be complete with all pos-
sible speed.

KIDNEYS WEAKENING ?

LOOK OUT !

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granting a special charter authorizing its preparation and sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.—(Adv.)

SUES FOR A DIVORCE AND \$1,500 ALIMONY

Appolonia Shauck Charges Her Husband, Dr. A. G. Shauck, With Being Habitual Drunkard

SUIT DISMISSED 2 YEARS AGO

Appolonia Sonia Shauck of Arlington has filed suit in the circuit court against her husband, Dr. Albert G. Shauck, a practicing physician of Arlington, for a divorce and \$1,500 alimony, alleging her husband is an habitual drunkard and was stingy with his money.

Dr. Shauck filed suit for divorce from his wife August 27, 1917, but the case was dismissed on his motion December 1, 1917.

The complaint states that Dr. and Mrs. Shauck were married January 29, 1915 and lived together until December 11, 1918. Mrs. Shauck alleges that her husband cursed and swore at her and called her vile names. She says that he had ordered her to leave home and that he was pernicious and refused to give her money to buy sufficient clothes. At the same time, it is alleged, he spent large sums in riotous living. The complaint states that Dr. Shauck has real estate valued at \$2,000, personal property worth \$1,000 and a lucrative practice which provides him with an income of \$3,000 a year.

Dr. Shauck announced today that he would not be responsible for any deaths which might be reported by his wife.

Continued from Page One

Homer reported twenty new cases which have developed Monday. Eleven outside Rushville were reported by Rushville doctors.

Five of the ten new patients in the city are in homes which the disease before had not invaded. The new patients are: Mrs. Silver Miller; Arthur Jeffrey, 38, North George street; Eukia Hinchman, 10, 261 East Tenth; Lester Benfield 8, Russell Benfield 6, and Marguerite Benfield 3, North Cherry; Mrs. Leonard Clark, 613 North Jackson; William Waggoner, 301 East Fifth; Mary Matlock, 6, 805 West Tenth; Melvin Farthing, 12, East Seventh.

TWO CASES ARE SENT AWAY

Motions of Frederick Hilligoss For Venue Change Granted

Motions of Frederick Hilligoss for changes of venue in two cases in which he is a defendant, have been granted by Judge Sparks in the circuit court. The suit filed by Harter Belout for \$150 on a note has been sent to Fayette county and five days allowed to perfect the change. The case brought by Orville E. Wooldridge, charging libel, has been sent to Shelby county and the same time allowed for making the change.

Objections to the probate of the will of Charles M. Marts, which were filed by Minnie G. Needham against Ora E. Karl W., and Frances Louise Marts, have been dismissed at the costs of the estate in accordance with a written agreement.

WOMEN FACE STARVATION

Berlin, Dec. 12.—Thousands of women face starvation on account of being thrown out of their war jobs. The women munition workers who will be demobilized will find it hard to get employment due to the lack of raw material. Some obtained employment on the farms.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES

7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that independent women lack are all readily supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Food; Biotin; Phenolphthalein; Oleoresin Capsicum; Kolo.

Answer "Here!" to Roll Call
"Join" all you need is a heart and a dollar.

Residents of Rush county are confronted at every turn with this Red Cross Christmas Roll Call membership slogan.

Go into a restaurant and you'll find the message on a neat little sticker, attached to the menu card. Buy a magazine at a newsstand, and you'll probably find the "Join" slogan attached to the cover page or carried inside in an attractive advertisement donated to the Red Cross.

At the theater you will meet the slogan again—this time attached to the program or flashed upon the screen. Many of your letters will reach you carrying this timely "urge," and perhaps you'll find it pasted on a telegram. Very likely your Christmas parcels will be sent home from the stores similarly labeled.

Thousands of these little stickers have appeared in Rush county to supplement the work of newspaper advertisements, posters, billboards, street car cards driving home the "Join" message.

The Red Cross has used every possible means to get the "Join" idea across in the Lake Division states of Ohio, Indiana and Kentucky because—

The goal of the Red Cross Christmas Roll Call in this and every community is "universal membership," and "universal membership" means everybody enrolled by December 23.

The Sleepless Wheels

Thinking in millions (of men) costs us no effort now. When the administration gave notice that a million men had crossed the Atlantic we experienced a variety of thrills. Then we got used to the idea, and the news of 2,000,000 left us tranquil.

When we learned that a large part of our continent were non-combatants certain oversensitive people felt a degree of mortification. The star-spangled feeling was cooling off.

These oversensitive ones would feel more cheery if they could see then on-combatants at work. Less than a year ago there was an unclaimed swamp near a French port. Your Uncle Sam has drained it, covered it with a series of workshops bigger than the capitol at Washington, and out of it he throws high caliber guns like sausages out of Chicago. He stacks machine-guns on freight cars like an elevator vomiting grain, and away they went to the front. And many of his larger guns contained about 8,000 parts.

In another he found workmen quarrying by hand to prepare concrete roads to the trenches. He installed mechanical excavators, and on the fourth day was loading cars as fast as they could be hauled.

Jail Sentences Are Suspended Providing She Pays Fines

Mrs. Cora Jackson, formerly Cora Fields, was fined \$1 and costs and sentenced to thirty days in jail on each of two charges for petit larceny, by Mayor Irvin yesterday evening. The mayor suspended the jail sentences with the understanding that she would pay the fines and costs today. One charge involved the theft of some clothes off the line in the yard at the home of Mrs. Mattox, corner of Arthur and Fifth streets, and a lap robe from Forrest Havens. Mrs. Jackson told the mayor she found all of the articles which were found in her possession by the police.

TO PLAY BROOKVILLE HERE

Rushville High School Five to Meet Strong Team Friday

The Rushville basketball team will play the Brookville high school team Friday evening in the local gymnasium. Coach Burns has been drilling the local boys hard this week in order to get them ready to meet the Brookville five, which is said to have a strong team. The curtain raiser will be played between the Arlington second and the Rushville second team at 7:30. The big game will begin at 8:45.

W. H. Cochran, Father of Glenwood Woman, Expires at Marion Home

William H. Cochran, age seventy-seven years, father of Mrs. Erskine Dailey of Glenwood, died at the soldiers home at Marion, Ind., yesterday afternoon and the body will be taken to Riley, O., the old home of the deceased for burial. After the death of his wife several years ago, Mr. Cochran lived for a time with his daughter and was well known in Glenwood and vicinity. He served for more than three years in the civil war. Mr. Cochran was born in Madison county, Indiana, December 3, 1842. His only survivors are Mrs. Dailey and one son, Oscar, of New York City.

GLYCERINE MIXTURE FOR APPENDICITIS

ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. Leaves stomach clean and strong. F. E. Wolcott, druggist. —(Adv.) 2

Worth Attention of Women

When you feel too tired to work, when dark puffs appear under your eyes, when you wake up weary, with backache or pains in sides and loins, when muscles and bones ache, when you suffer rheumatic tingles, when lumbago puts you down, then you know the kidneys are weakened or disordered. Mrs. T. J. Bucknell, Route 1, Hardy, Neb., writes: "I am recovering from an attack of lumbago, by the aid of Foley's Kidney Pills. They surely have helped me." F. E. Johnson.—Adv. 2

FARMERS FORM AN ORGANIZATION

Better Farming Association Has For Its Purpose General Improvement of Agriculture

OFFICERS ARE SELECTED

Executive Committee Consisting of One Member of Each Township is Also Named

At a meeting of Rush county farmers held yesterday in the county agent's office a Better Farming Association was organized. The constitution was adopted and the following officers elected: W. A. Alexander, president; John O. Hill, vice-president, and Howard Ewbank, secretary.

An executive committee consisting of one representative from each township was elected to have charge of the affairs of the association.

The association has as its purpose the general improvement of agricultural conditions in whatever way possible.

Among other things, it will aid in determining the better varieties of farm crops and the establishment of these varieties. For example, there was a difference of 2.7 bushels between the highest and lowest yielding varieties of wheat in this county this year, as shown by the threshermen's reports. Michigan Amber was the highest yielder. If it continues to hold its position for two or three years, the association will feel justified in recommending this variety for more extensive planting.

Variety tests of corn, fertilizer tests, lime tests and other similar projects will be conducted through the direction of the organization.

The prevention of plant and animal diseases where organized effort is desirable will receive considerable attention.

Publicity will also be given to the new and successful operations of practical farmers that others may have the benefit of their findings.

T. A. Coleman of Lafayette, who expected to be present, was prevented by illness in his family.

ON DETACHED DUTY TO RECEIVE WOUNDED

Capt. L. M. Green and Eight Men of Sanitary Detachment Transferred to Hospital Near Rems

SIX OTHERS LOST TO UNIT

Captain Lowell M. Green and eight members of the 139th Field Artillery regiment's sanitary detachment, which was organized here by Capt. Green, have been transferred to the camp hospital No. 31 at Camp Meunon, near Rems, Brittany, France, and put on detached duty to receive a large shipment of wounded men, according to a letter from the former Rushville physician. The eight men besides the captain are Harry Green, John Hermansdorfer, Emil Ostroffsky, Ray Benning, Wilbur Spivey, Leo King, Errol Stoops and Sergeant Robert Craig.

Robert McNeeley, William Glover and Private Pabst have been lost to the unit, according to Capt. Green, having been left in a hospital at Tourlaville, France, when the outfit was moved. They have recovered, however, and have been transferred to another unit. James Walker, who was left behind in a hospital at Liverpool, England, and Ed Cooning and Ernest Mitchell, who were left at the New Zealand hospital at Codford, England, are recovering and will likely also be transferred.

This letter gives the first information that Capt. Green has been promoted from a first lieutenant, which rank he held when he entered the service. It was known here that he had been advanced to captain, but it was not known whether he had received his commission yet.

URGES BIG NAVY.

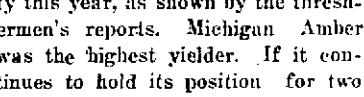

(By United Press.)
Washington, Dec. 12.—America should have a navy equal to that of any country in the world, Admiral Badger, told the house navy affairs committee today. Badger, who is a member of the general board, was explaining the navy appropriation bill to the committee. He urged the building program to increase America's fleet to meet anything afloat by 1925.

PLANS FOR MEMORIAL TO INDIANA HEROES

Culver Military Academy Announces That \$75,000 Will be Used to Erect a Library

FOR CHARITABLE PURPOSES

Indianapolis, Dec. 12.—Plans for memorials to Indiana heroes, who fell in the great war, are being made in practically every county in the state. These memorials will take forms of buildings erected for charitable purposes, libraries, gyms, and other such objects in place of the customary piles of brick or stone.

Culver Military academy has largely announced that \$75,000 will be used by the institution to erect a library as a memorial to the former cadets and officers at the military academy, who fell during the war.

THE RED CROSS COMES

By JEANNE JUDSON.

Lest we forget the simple joys,
The kindly thoughts, the human tears,
The harmless laughter and the song
We knew in other happier years,
Lest we grow hard, and cruel and cold,
And being young, our hearts are old,
Held in the grasp of death undied,
The Red Cross comes to fill again,
The cup of mercy long since spilled;
Bid in our hearts the birds to sing,
Reviving joy that anger killed.

What the state will do to perpetuate the memory of those fallen men in a permanent form has not been decided yet. However, many suggestions have been brought forward and it is probable that some action will be taken at the coming session of the legislature.

Col. Orrin Perry, custodian of the Indiana soldiers and sailors monu-

ment which stands in memory of the Hoosier dead and wounded in other wars, has proposed that the corridors in the base of the present monument be used for a naval and military museum that will depict Indiana's part in this war.

Pictures and relics of the various activities would be placed on exhibition in the base of the monument. These corridors are large enough to accommodate a large collection and the only use they are being put to now is to house big guns, relics of the Civil war.

***** TROUBLE FOR JONES WHEN JONES DESERTS *****

Paris, Nov. 6. (By Mail).—"The government is holding up my allotment because my service record is not clear. They say I'm charged with desertion. I'm in desperate need."

There were tears in the eyes of Sergeant Jones as he handed an open letter to his commanding officer.

"Read that, will you?" he asked, and the officer shook his head sympathetically.

"Pretty bad Jones. Evidently another case of too many Joneses in the world. Of course we can straighten it out for you as soon as we can get into communication with Washington."

"But what is my wife going to do in the meantime," asked Jones. "You see what she says."

"Why not tell your troubles to the Red Cross?" asked the officer. "They have a home service office in Paris for cases like that."

The sergeant took his advice, and 2 letters and 3 cables straightened out the matter, relieved the wife's need and the soldier's distress.

American Red Cross home service handled 3,680 similar cases from June to September.

MAY WEAR UNIFORMS

Washington, Dec. 12.—Reserve officers were today authorized by the war department to wear their uniforms for three months after their transfer to the inactive list. This privilege is already accorded by law to "any person honorably discharged from the army, navy or marine corps, regulars or volunteers."

GARDEN PRODUCTS WASTED THIS YEAR

Too Many Perishable Crops Grown; Which Could Not be Stored For Winter Use

"Now is good time for the backyard gardeners to make an invoice of the products of their garden," says Marion Detrick, county agent. "In many cases too much of the perishable crops was grown, and had to be wasted, while the ground might have been planted in crops that can be stored for the winter."

"A survey of the area planted to each crop, and the product harvested will help greatly to plan the garden for next year. If the store of winter vegetables is low, it is good evidence that the garden should be enlarged, or still better manured this fall to prepare for a bumper crop next summer."

"A count of the cans of vegetables and stored garden products generally reveals the fact that the garden has been a good investment."

"We are told by good authority that food will be short next year and there is as much need of garden next summer as ever."

CANDY, PICKLES FOR YANKS

To be Rushed to Europe To be Used For Xmas Festivities

Washington, Dec. 12.—Every overseas soldier is to get a half pound of candy every ten days as a part of his ration, and every man is to be provided with pickles to last him several months. The candy and pickles are to be "rushed" to Europe, so that they may be used by the expeditionary forces for their Christmas festivities.

The total candy to be shipped is 9,000,000 pounds, and of pickles 565,000 gallons. As there are 200 rations to the gallon, it is estimated that 3,000,000 men will have pickles for several months.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

NEW YORK TO START BUILDING AT ONCE

Construction of \$200,000,000 Worth of Dwellings to Begin, Including Apartment Houses

RENTS HAVE BECOME HIGH

(By United Press.)

New York, Nov. 27.—Construction of more than \$200,000,000 worth of dwellings is scheduled to begin here just as soon as men and materials, released from war work, are available.

Most of the buildings will be large apartment houses, plans for which have been drawn and ground for which has been ready for many months.

New York's overpopulation and under-construction was one of the problems that has grown rapidly more acute since the nation abandoned itself more entirely to war work. Rents have become so high that efforts were made several times to interest the federal government in rent regulation or apartment house construction.

Within one year from the signing of the armistice housing facilities for at least 100,000 more people should be completed. Construction work then will be at its height, contractors say. Thousands of men, released from war jobs, will be employed in building apartments, and must structural steel and other building materials already bought or contracted for by the government probably will be assimilated quickly in this dwelling construction work.

POILU WRITES IN HEART'S LANGUAGE

Paris, Nov. 6 (By Mail).—French is an expressive language, but it has nothing on the English used by a grateful poilu, whose wife and little son had been cared for by an American Red Cross physician. To wit, the following, received at American Red Cross headquarters here:

"Dear Doktor,
"I am ashamed of to write you this letter because I have few of knowledge of English. Since longtime already I will desire for learn English. And the occasion being present at me one month ago by the creation of a English school, I follow it each evening fastidiously. No thing was more discomfortable for me than of meet your brave Yanks on the road without to being able to address a word. The looks seem well, sometimes, to translate a few the kindnesses that we have for them, but that is not conceived, the conversation is better.
"It is now a great joy in all French army that news of Americans success in Lorraine. I should not to finish this little word without thanking you of the prettiness that you have always had for my wife and my little son. Believe well that your shadow me remains dear and that I all receive with the greatest pleasure the little letter you will well write to me. Believe dear doktor at my better sentiments."

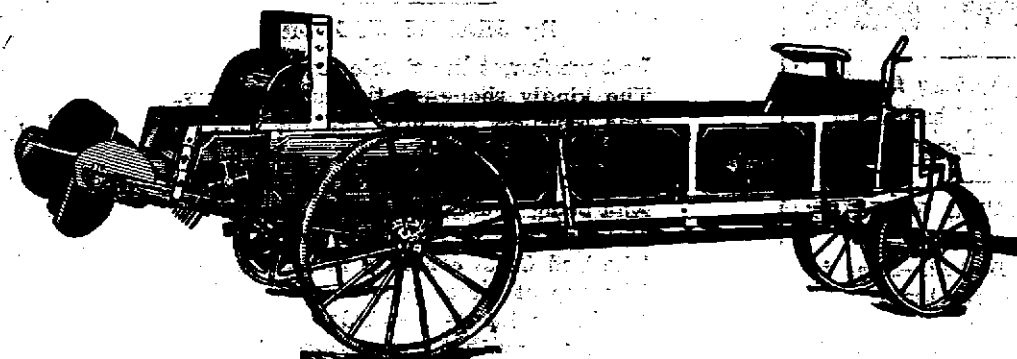

MORE TROOPS COMING

Washington, Dec. 12.—The sailing of seven additional transports for American ports with fifty-two officers and 3,000 men was announced by the war department. Six sailed on December 6 and the others a day later.

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron. They have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder to so many who are all run down and dragged out, due to lack of fresh air, exercise, good food and clogged poisoned blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired out, all in nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

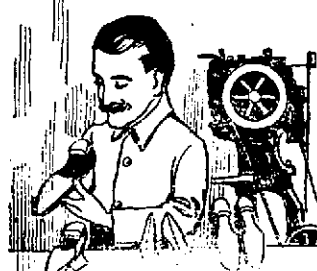

Get Phosphated Iron today and start in right, you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

OBITUARY

Luella Posey Yakey, daughter of Laura F. Posey, was born in Rush County, Indiana, Feb. 18, 1874; died Nov. 14, 1918. She was married to Arthur L. Yakey Nov. 30, 1908. She lived ten years of happy wedded life.

Left to mourn her loss are her husband, mother, five sisters, one brother, other relatives and many friends. In the year 1901 she confessed her belief in the Savior, uniting with the M. E. church at Arlington, later moving her membership to Commersville, and thence to Rushville M. E. church. She also was an active member of the Ladies Aid Society, the Home Missionary Society and the Daughters of the American Revolution.

She was a Christian in thought and action, always willing to do her part, was exceptionally home loving and

affectionate, kind to everyone in her quiet way. To know her was to love her.

Dear wife has said goodbye, and gone just a little ahead of us into the garden of Paradise to progress onward until she shall enter the New Jerusalem, Heaven, whither she would have all who loved her to come to eternal bliss.

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of time and place
The flood may bear me far,
I hope to see my Pilot face to face
When I have eost the bar.

The Farmer Receives More Than Five Thousand Dollars a Minute From Swift & Company

This amount is paid to the farmer for live stock, by Swift & Company alone, during the trading hours of every business day.

All this money is paid to the farmer through the open market in competition with large and small packers, shippers, speculators and dealers.

The farmer, feeder, or shipper receives every cent of this money (\$300,000 an hour, nearly \$2,000,000 a day, \$11,500,000 a week) in cash, on the spot, as soon as the stock he has just sold is weighed up.

Some of the money paid to the farmer during a single day comes back to the company in a month from sale of products; much does not come back for sixty or ninety days or more. But the next day Swift & Company, to meet the demands made by its customers, must pay out another \$2,000,000 or so, and at the present high price levels keeps over \$250,000,000 continuously tied up in goods on the way to market and in bills owed to the company.

This gives an idea of the volume of the Swift & Company business and the requirements of financing it. Only by doing a large business can this company turn live stock into meat and by-products at the lowest possible cost, prevent waste, operate refrigerator cars, distribute to retailers in all parts of the country—and be recompensed with a profit of only a fraction of a cent a pound—a profit too small to have any noticeable effect on the price of meat or live stock.

Mrs. Emil Walker Receives Letter Written After Armistice Was Signed—Glad It's Over

WAS SLIGHTLY GASSED ONCE

Mrs. Emil Walker, has received a letter from her husband, Private Walker, Company C, 314 Field Signal Battalion, which was written after the armistice was signed. As a lineman Private Walker was frequently exposed to shell fire, but went through the war without an injury, with the exception of being slightly gassed once. Private Walker, who left Camp Funston, Kansas, last February 9 for overseas service, is glad he is through dodging shells, according to the following letter.

"Am sure glad to know the war is over and there are no more shells to dodge. I will soon be home with you. I was under shell fire for 108 days and was on the front when the guns stopped firing. Was sure glad to hear them stop. I was a lineman and had to go out under shell fire night and day. It sure looked like suicide to go but we had to keep up communication. I have sure gone through a lot and have missed lots of meals, for the kitchen could not get up with us. We got lots of potatoes and cabbage and garden stuff to eat. I sure am not sorry I have done my part and I think I have.

You wanted to know how bad I was hurt. I was gassed a little but not bad. I am all right now, but was sure lucky. Several of the boys died from it.

REALTY BUSINESS WILL PROSPER NOW

Opening up of Building Conditions Allow Hundreds of Persons to Construct Homes

Terre Haute, Ind., Dec. 11.—That the real estate business will boom now, was the opinion of dealers of the state attending the annual convention of the Indiana State association meeting here today.

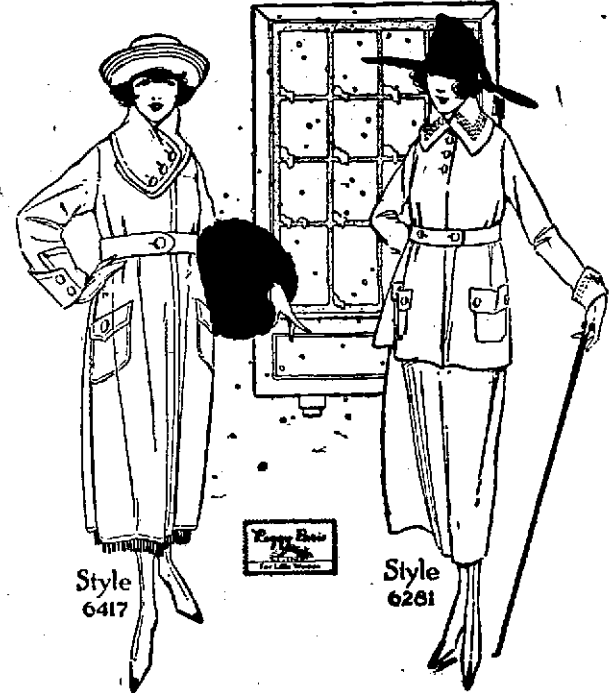

Opening up of building conditions will allow hundreds of persons who wish to purchase property for construction of homes to go into the market they pointed out. The first desires of persons who made high wages during the war and saved their money will be to purchase or construct a home, it was declared. Business houses and factories

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in very way shortly.
